

Burney's Bio

Robert Burney's Brief Bio

Robert's personal belief is that we are Spiritual Beings having a human experience that is unfolding perfectly from a Cosmic perspective - with no accidents, coincidences, or mistakes. He considers Spirituality to be a word that describes one's relationship with life - and anyone, regardless of religious belief or lack of it (who is not completely closed minded), can apply the approach he shares on this web site and in his book, to help them transform their experience of life into an easier, more Loving and enjoyable journey.

{xtypo_info}"I share my Truth and myself, as a Joyous expression of my Spiritual Being, because it is what I need to do for me. Giving and receiving is what keeps the healing energy flowing for me. I have learned that through giving of what I have received I am healing me.

This is my way of standing up for my Truth, and of honoring "All My Relations," which is a Native American term that refers to the Great Spirit whose essence is present in everyone and everything. We are all related to everyone and everything.

I do this in honor and service to my belief that the ultimate, eternal, blessed Truth is that we are all ONE. That we are all perfect parts of the ONENESS of ALL THAT IS - which is the Universal Creative God-Force.

I share as an expression of Love, as an act of Karmic settlement, and with hope that sharing the Joy that I have found in my Truth will remind you of the Truth which exists within you. Of the Truth of who you Truly are, and why you are here."

~ Codependence: The Dance of Wounded Souls by Robert Burney

Robert Burney's Work:

"Your writing is more insightful and instructive for change than Bradshaw and Melody Beattie of codependence no more. Pia Melody's pretty good but you're more broad thinking in concepts and more compassionate too. . . I have been in therapy since I was 19, I'm 48 and am just learning about boundaries and not from the help of my therapist unfortunately. She knows inner child work but not how boundaries directly relate to it. Your work has been an invaluable resource as I read it tonight."

"After years of analysis and reading many self help books on other subjects to try to find out the answers about my struggles in my life, I had always been under the impression that the subject of codependency was a term referring to people who enable alcoholics or drug dependent people, so I never even thought to read up on it. Now, after reading

your writings, a miraculous door of insight has opened up for me, and many pieces of the puzzle are finally falling into place"

"I not only have enjoyed reading your book, but I am still enjoying listening to you on tape. I have sent one copy of the book to each of my two daughters My wife is also reading the book, and I have referred at least a half dozen people to your website including a number of my clients. I am a counseling psychologist with a private practice in ___ I was blown away by your references to one of my favorite books "Illusions" and to one of my wife's favorites "The Book of Runes". . . Needless to say I believe that your book, your tape and your website make a great contribution to the shifting of the energy on this planet. I particularly admire the comprehensiveness of your scope. Thank you Robert for your courage, your wisdom, and your clarity, not to mention your perseverance. I'm glad to to have found another kindred spirit."
